

## CONVENIENT CARDS

# Convenient and Cost Effective Global Commission Payments

### KEY BENEFITS

- Enables payments anywhere in the world
- Eliminates check writing and wire transfer expenses
- Reduces payment process overhead expenses
- Instantaneous payment availability
- Custom branded card design

Direct Sales organizations with independent sales forces, affiliates and vendors scattered all over the country (and maybe the world) require an efficient and cost effective method of making global commission payments.

Traditional methods of making commission payments such as bank checks and wire transfers are expensive, inconvenient and time consuming. International transactions often require the recipients to have US affiliated bank accounts and can take several weeks for the funds to become available.

Success in growing your business domestically and expanding internationally necessitates a commission payment system that motivates and rewards sales performance with timely payments. It is also critical for this payment system to reduce the direct costs of issuing payments and the overhead costs associated with tracking payments and supporting your salesforce.

With the Convenient World Visa® Prepaid Card Payment System your company will save thousands (maybe hundreds of thousands) of dollars by automating, simplifying and accelerating the commission payment process for you and your salesforce.

# Efficient Commission Payments Reduce Costs and Increase Salesforce Satisfaction

## UPGRADE YOUR COMMISSION PAYMENT PROCESS TO ACCELERATE SALES GROWTH

Your sales organization succeeds and expands largely on the efforts and enthusiasm of your affiliates. Since you depend heavily on affiliate recruiting and retention for growth and competitiveness, the more quickly and conveniently you can pay sales commissions, the more committed and connected affiliates become to your business. Convenient Cards can deliver a turn-key, safe, efficient and cost saving payment solution that will improve your affiliate recruiting and motivate your salesforce.

## HOW IT WORKS

The Convenient World Visa Prepaid Card program provides a convenient and cost effective commission payment solution for Direct Sales Organizations. Here's how it works:

1. Your company chooses a custom card design for your Convenient World Visa Prepaid Card.
2. Your company sets up a funding account with Convenient Cards to use for making affiliate commission payments.
3. You issue a Convenient World Card to each of your independent affiliates
4. Periodically, when you want to issue commission payments to your affiliates, you submit an electronic payment request to Convenient Cards identifying the payees and amounts.
5. Convenient Cards debits funds from your company's funding account to pay your affiliates.
6. Convenient Cards loads funds into the affiliate prepaid cards as indicated on the electronic payment request.
7. Funds are immediately available to each affiliate anywhere Visa cards are accepted.

## KEY AFFILIATE BENEFITS
